

DUMBARTON FESTIVAL

Join the Festival Parade

Sunday 7 June 2020

About the Festival

Dumbarton Festival will be four days of celebration, highlighting the River Town of Dumbarton, where the Cutty Sark was built, and its links with the Clyde and the River Leven. On 4-7 June an exciting programme of music, arts and sports events will celebrate how water shaped this historic town, from distilling to shipbuilding.

With the waterfront as a backdrop, artists and national companies will join local schools and community groups to reinvigorate the town's maritime history, with an exciting programme of live music, street theatre, a tea festival, walking tours, fun and engaging workshops, sports challenges, boating displays on the Leven, Rock of Ages at Dumbarton Castle and much more, culminating in a fantastic community parade on the Sunday afternoon.

Join the Festival Parade

The grand finale to Dumbarton Festival will be a loud and colourful parade through the town, bringing a culmination to the weekend's activities.

The parade will showcase Dumbarton in a voyage through time, with traditional music and floats representing Dumbarton's shipbuilding heritage, through to a celebration of contemporary Dumbarton with a brand new rowing boat being launched and a new piece of music created by young people of Dumbarton.

We want as many people as possible to be part of the parade - whether you're part of a group that wants to perform or an individual that wants to help, we'd love to hear from you!

We are looking for groups to get involved in the parade in a number of ways:

- **Make Waves** - Sign your group up to perform in the parade! Dance groups, theatre ensembles, choirs - we'd love to hear from you!
- **Sail Makers** - join sail making workshops, and/or carry a sail in the parade.
- **Hands on Deck** - in addition to performance roles we are also looking for people to help push floats, carry props and help to manage the parade on the day.

To sign up please head to www.dumbartonfestival.co.uk/get-involved and sign up via the online form.

For more information or to discuss any ideas or any of the opportunities listed above in more detail, please contact Maddie Maughan via email:
