

Beat the rush get yourself & others **vote ready**

Have you heard ?

Community Budgeting Phase 5 is now live and accepting applications.

<https://www.west-dunbarton.gov.uk/council/community-planning-west-dunbartonshire/community-budgeting/community-budgeting-phase-5/>

This will be an online experience, where eligible projects will be competing for local people's votes.

By March 2021 information will be displayed on our Consul platform Wdn.communitychoices.scot. Anyone wanting to vote will need their own email address. In the meantime please visit our site and get used to it before voting begins in March.

We want to encourage as many people to be able to vote for their favourite project and therefore ask that you help this process by encouraging as many of your group / project membership to ensure they are all vote ready.

Bellsmyre Digital Project has kindly provided the following links which offers instruction on how to create an email account. In addition it also provides details of other support tools to encourage others to learn new digital skills and develop themselves as Digital Champions for your organisation or to assist others.
