ROAD CLOSURES will be in operation at the race starts in central Edinburgh and Balloch. For timings and full details please visit our website via the QR code provided.

Following the start, a rolling road closure will be in operation across the event route. This means roads on and around the route will be closed for the short period in which it takes the race to pass by – usually around 15 minutes before the estimated time of arrival until approximately 10 minutes after the last rider has passed. Closures are indicated by police escort vehicles and will last around 30 minutes in total.

NO PARKING The route is marked with yellow advanced warning signs in the run up to the race. Please don't park on the route on the day: if necessary, vehicles may have to be removed.

LISTEN There will be an advance vehicle 10 minutes ahead of the race, keeping you up to date with what is happening in the event.

CAUTION Please keep children back from the edge of the road and animals on a lead, away from the roadside. Riders pass by very quickly, and while we encourage support, please keep flags, objects, and photography equipment out of the road. Remember, taking selfies is fun, but turning your back on the race is never a good idea. Please face the oncoming riders and race convoy at all times.
