

Intact Insurance acquires RSA

As your insurance cover is currently provided by RSA, we would like to bring to your attention that as of 6 October 2025, RSA officially merged with Intact Insurance, bringing both the brand and legal company name under a single global identity in the UK.

Please be assured that your cover and service remain unchanged and our commitment to serving our clients and partners remains our top priority. You will begin to see a new name and a fresh identity when you speak to or receive any communication from Intact Insurance.

We're proud to continue our partnership with Intact Insurance, and we're confident in their commitment to delivering exceptional service and protecting what matters most to our clients as reflected in their message:

"We believe insurance is about people, not things. This belief defines who we are, guides how we serve, build relationships, and why we strive for excellence. Because behind every policy is someone who depends on it."
